

SEVENTY SPORTS GROUP

Athlete:
RAMONE SEALS

Phase I – Offensive Command

Objective: Develop offensive control through pace, advantage creation, and decision-making.

Phase II – Shot Creation & Efficiency

Objective: Improve shot creation, scoring efficiency, and game-speed execution.

Phase III – Decision-Making & Read Progressions

Objective: Improve offensive reads, defensive recognition, and real-time decision-making.

Phase IV – Game Performance & Situational Execution

Objective: Transfer skills into competitive game situations with disciplined execution.

In-Season Performance Development

Film Breakdown: Every session begins with film review to identify strengths, weaknesses, and priorities.

On-Court Application: Workouts directly apply film findings through individualized skill development.

Offensive Efficiency: Emphasize shot selection, offensive reads, paint touches, and decision-making.

Quarterly Evaluation: Complete a performance review and establish priorities for the next Tune-Up.
